

First Parish Unitarian Universalist of Medfield, MA
Religious Education for Children and Youth
FAMILY REGISTRATION FORM

“Religious Education” at First Parish, considered to span one’s lifetime, includes support for personal spiritual growth, ethical development, making connections and sharing with each other, and building a loving community both here, in the UU denomination, and in the world at large. This happens best when children, youth, and families attend church and RE with as much regularity as possible. We ask your support in this, and we will support you in any way we can.

Our RE program is a cooperative one. Parents of enrolled children and youth are expected to help and are encouraged to find a way to volunteer in our program that best suits the needs of you, your family, and the program. There are a variety of opportunities.

Those who are new to working with children and/or the Unitarian Universalism religion will receive information and guidance. All volunteers working directly with children and youth will have a required orientation with the Director of Religious Education to help ensure the comfort of everyone.
